

ARIHARASUTHAN S

| PYTHON DEVELOPER | AI & ML ENTHUSIAST |

Thoothukudi, Tamil Nadu, India • +91 66380959068 • ariharasuthan197@gmail.com • linkedin.com/in/ariharasuthan

SUMMARY

Highly motivated B.Tech student specializing in Artificial Intelligence and Data Science with a strong foundation in software engineering, data extraction, analysis, and visualization. Experienced in building application backends, performing exploratory data analysis, and deploying ML/AI models. Proficient in Python, SQL, and Flutter, with a proven ability to collaborate and deliver production-ready software solutions.

TECHNICAL SKILLS

- Programming Languages:** Python, SQL, Dart
- Data Tools:** SQL, Python, Tableau, Microsoft Excel
- Core Competencies:** Software Engineering, Data Cleaning, Exploratory Data Analysis, Machine Learning, Mobile App Development
- Libraries & Frameworks:** Flutter, Pandas, NumPy, scikit-learn
- Cloud & Databases:** Firebase Firestore, Firebase Authentication, Cloud Messaging
- APIs & Tools:** Google Maps API, Git, GitHub, Jupyter Notebook
- Soft Skills:** Communication, Problem-Solving, Team Collaboration, Leadership

WORK EXPERIENCE

Software Development Engineer (SDE) Intern

Bluestock Fintech (Remote)

Feb 2026 – Mar 2026

- Developed software applications including an AI Profile Picture Maker, Corporate Blog Platform, and DailyMind Puzzle Game.
- Implemented features, fixed bugs, and optimized application performance across multiple projects.
- Collaborated using Git and software development best practices to deliver production-ready solutions.

Data Analysis Intern

Infogro Technology, Chennai

Jun 2025 – Jul 2025

- Performed data cleaning, preprocessing, and exploratory data analysis on real-world datasets.
- Utilized SQL and Python to extract insights and support data-driven decision-making.
- Created reports and visualizations to communicate findings effectively.

Python Programming Intern

Thedal Cloud, Thoothukudi

Dec 2024 – Jan 2025

- Developed Python programming skills through hands-on coding and problem-solving exercises.
- Worked with data structures, file handling, and data processing techniques.
- Built small automation programs while improving debugging and logical reasoning skills.

PROJECTS

Narocare – Hospital Appointment & Queue Management Mobile App

Flutter, Firebase Firestore, Firebase Authentication, FCM, Google Maps API

- Developed a Flutter-based mobile application for hospital appointment booking and real-time token queue management.
- Implemented separate patient and hospital dashboards with live synchronization using Firebase Firestore.
- Integrated GPS-based hospital discovery, doctor scheduling, and automated token generation.
- Enabled secure OTP authentication and push notifications using Firebase services.
- Designed a responsive healthcare-focused UI with a scalable Firebase backend architecture.

E-PASS Management System (Grace College of Engineering)

HTML/CSS, JavaScript, Google Sheets API

- Developed a smart digital campus solution designed to streamline student movement and replace paper-based permissions.
- Implemented an online gate pass application with a multi-level approval system (Advisor, HOD, Principal) and secure gate verification.
- Enabled real-time tracking of student entry/exit to improve campus discipline, transparency, and efficiency.

EDUCATION

Bachelor of Technology - Artificial Intelligence & Data Science

Grace College of Engineering, Thoothukudi | Anna University

2023 – Present

- Focused on machine learning, data analytics, statistics, and database management.
- Actively staying updated with emerging trends in Artificial Intelligence and Data Science.

CERTIFICATIONS & COURSES

- GenAI Powered Data Analytics Job Simulation – TATA / Forage (Jan 2026)
- Artificial Intelligence Course – Novitech (2025)

LANGUAGES

- **Tamil** (Native)
 - **English** (Professional)
 - **Hindi** (Basic)
